SOLO
Group

PARIS

Editorial

Dear customer,

We are delighted to bring you the new 2023 SOLO Group catalogue.

This 32nd edition includes new products for each brand as well as new colours and styles, and details of our newly introduced **traceability, transparency** and **environmental initiatives**.

True to our DNA, we continually strive to strengthen our ranges with a strong emphasis on **quality, style** and **respect** for our social and environmental commitments. Our aim is to continue providing our customers with clothing and accessories that suit their tastes and expectations, designed to promote their brand or convey their message in a **sustainable** and beneficial way.

With this in mind, SOLO Group acquired midocean in 2022. As Europe's leading supplier of customisable items, luggage and accessories, the company is renowned for its high quality offer and services. This acquisition means we can now offer a **comprehensive range** of customisable items and textiles.

Our teams are therefore looking forward to new projects and challenges for 2023. Their enthusiasm, **professionalism** and their constant quest to ensure everyone can express their uniqueness through **our collections are the reasons for our success**.

Thank you for your loyalty and trust, which in turn drive our enthusiasm and reason for being.

Sincerely,

Alain Milgrom
Chairman

Audélia Krief
CEO

MADE IN FRANCE

**Atelier Textile Français is the leading brand of customised clothing
made entirely in France.**

Let's support local economies and promote regional expertise.

atelier-textile-français.com   

"Trust what you wear,

wear & care product, people, planet

Trust comes with confidence and must be earned, and this is especially true when it comes to clothing. Throughout the entire production process, we strive to respect people as well as the planet whilst guaranteeing our products are high quality and durable. This in turn ensures you can have full confidence in our brands. Our full list of commitments is set out in our **wear&care** programme, based around **3 key areas: PRODUCT, PEOPLE and PLANET.**

PRODUCT:

Our entire philosophy is based around our product. Our aim is to offer customisable clothing so that everyone can express their uniqueness. We undertake to manufacture high quality clothing that is designed, produced and marketed with respect. Wherever possible, we are also committed to making our products from eco-friendly materials (organic cotton and/or recycled polyester), and updating our collections by replacing conventional materials with eco-friendly ones.

PEOPLE :

Behind every single product and brand within the SOLO Group are the people who have created, designed, manufactured, shipped and sold them, as well as those who wear them. This is why we are committed to producing our clothing and accessories in ways which prioritise people, their working conditions and rights. We are also committed to working with various different charities that help improve living conditions outside the workplace.

PLANET :

As our future goes hand-in-hand with that of our planet, we will fight to preserve it every step of the way. Our pledge is to reduce our carbon footprint and that of our products as far as possible, and to strive towards sustainable practices and consumption for our business. At each stage of the manufacturing and marketing chain, we are committed to reducing and optimising our energy use as much as possible, whilst also eliminating unnecessary waste and reusing it where appropriate.

wear what you trust" *

AWARE
THE TRUE STORY OF RECYCLED FABRICS

Trust comes with confidence and must be earned.

This is why we have implemented various initiatives to make our offer more transparent, providing universal access to all the details relating to a garment.

This year, we are launching a programme in partnership with **AWARE**. An innovative process whereby a tracer is incorporated into the fibre provides full data access regarding the origin and manufacturing of the garment. It works on the principle of creating a digital passport that is updated at each stage of the manufacturing process. It contains all the details users need to ensure they are fully informed. These details are accessed via a QR code.

The principle:

Step 1: ACTIVATION

Tracers are embedded into the raw material.

Step 2: PRODUCTION

The material is transformed into a garment, and the passport is updated throughout each stage (spinning, weaving, making-up).

Step 3: SCAN

A scanner is used to check that the tracers are still present in the finished product.

Step 4: AUTHENTICATION

The data collected during the manufacturing process is used to authenticate the product.

Step 5: DISTRIBUTION

The products are labelled with a unique QR code providing direct access to the product's digital passport.

For more information: www.wearaware.co.

Markets

Publicity and promotions

Customised clothing is great for publicity and promotions provided it is well-fitting, good quality and suited to the needs of the people wearing it. T-shirts, sweatshirts, polo shirts and more: the SOLO Group fully meets all market needs.

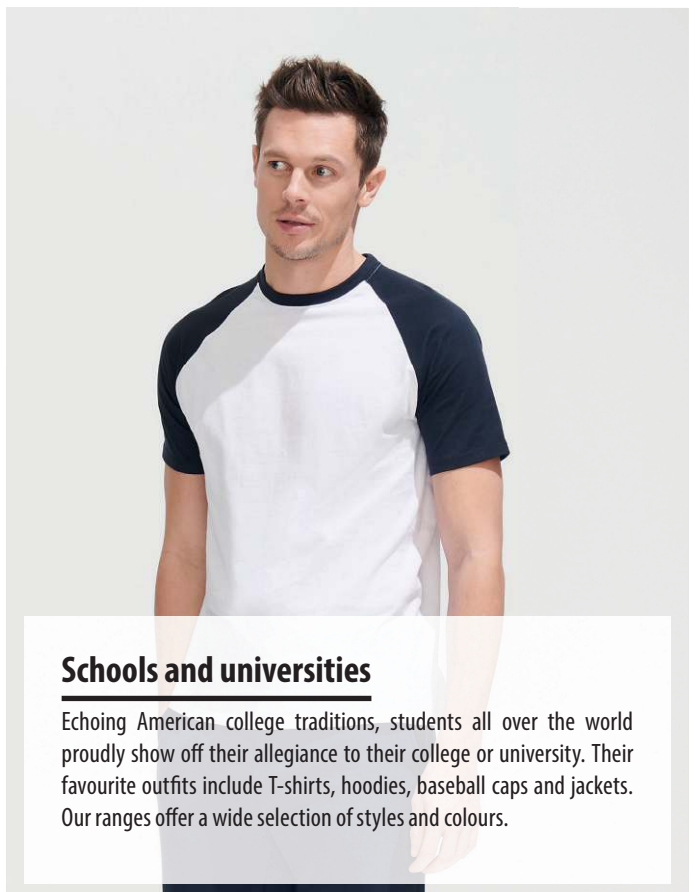

Corporate, hospitality and catering

Providing the right clothing for service and reception staff in the hotel and catering industries is essential to ensure that brands stand out from the competition and are recognisable to their customers. Shirts, jackets, aprons and trousers can be personalised to create corporate team uniforms.

Workwear and PPE

Workwear trousers, polo shirts and jackets as well as T-shirts and sweatshirts can be personalised for staff working on sites or for independent businesses. Corporate equipment and technical or protective clothing to guarantee employees are comfortable.

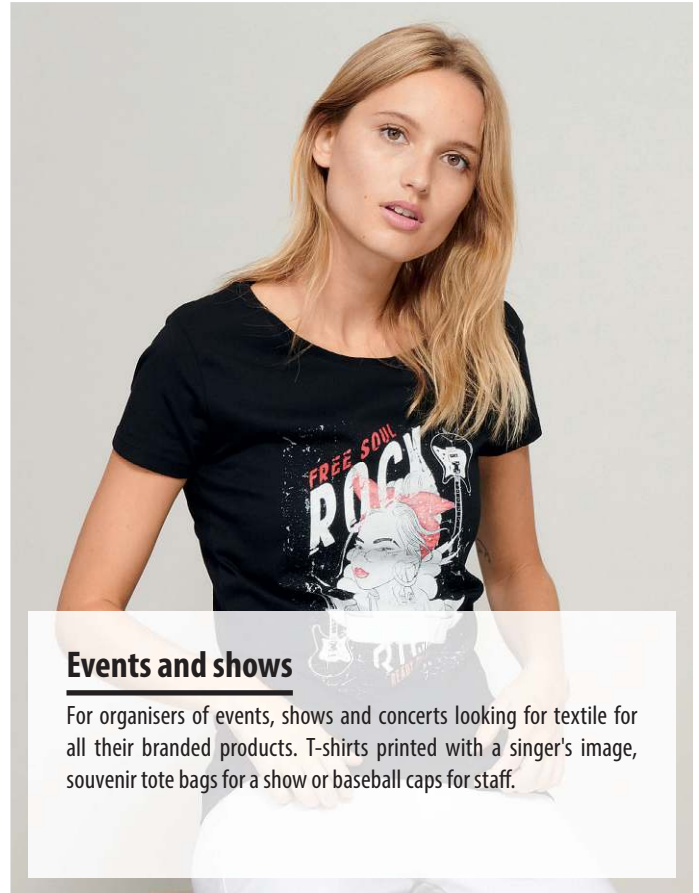

Schools and universities

Echoing American college traditions, students all over the world proudly show off their allegiance to their college or university. Their favourite outfits include T-shirts, hoodies, baseball caps and jackets. Our ranges offer a wide selection of styles and colours.

Sports and leisure

For major sporting events where participants and supporters like to show their support by wearing their team's colours, or for sports clubs or groups looking for matching kits. But also for employees taking part in a race or a sporty teambuilding event.

Events and shows

For organisers of events, shows and concerts looking for textile for all their branded products. T-shirts printed with a singer's image, souvenir tote bags for a show or baseball caps for staff.

Souvenirs & tourism

For gift shops in tourist offices, museums, theme parks or castles, personalised clothing is essential: branded or embroidered T-shirts, sweatshirts, baseball caps, tote bags or towels are the favourite souvenirs amongst visitors and tourists.

Designers, retailers & e-tailers

Ready-to-wear brands, designers or e-commerce platforms: express your creativity by customising garments to suit your needs through flocking, silkscreen printing, printing or embroidering.

SWEATSHIRTS

A person wearing a light pink sweatshirt is shown from the chest down. Their hands are clasped together in front of them. The background is a textured, light-colored wall. The word "SWEATSHIRTS" is written in large, bold, black capital letters across the middle of the image.

the shirt art

How to choose the right model?

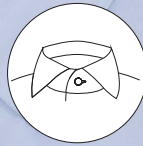

COLLARS

Classic collar

The classic collar is the most common type and is slightly spread. This traditional model is a must-have, ideal in all circumstances and suitable for both business and casual styles.

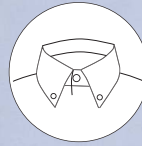

SOL'S BALTIMORE FIT 02922

Italian collar

Fairly similar to the French collar, it is characterised by a wider opening and slanted points, cut away from the perpendicular.

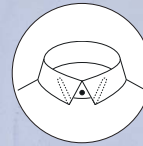

NEOBLU BLAISE MEN 03182

Button-down collar

The distinguishing feature of this collar resides in the buttons that fasten its points. They give a good support to the collar.

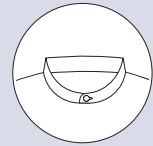

SOL'S BUSINESS MEN 00551

Stiffened collar

This option is available for some of our shirts. It is possible to offer a better support to the collar by adding stays on its points, which prevent it from deforming. Thus, the stiffened collar gives the shirt a chic and dressy style.

SOL'S BOSTON 16000
SOL'S BRISBANE 16010
SOL'S BEL-AIR 16090

The mandarin collar

The mandarin collar is a simple collar stand with rounded corners. It is easily recognised as it has no flap.

NEOBLU BART MEN 03792

PLACKETETS

French placket

SOL'S ELITE 16030
SOL'S BRIGHTON 17000

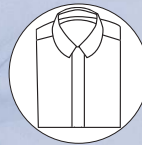

Conventional placket (American placket)

SOL'S BURMA MEN 02763

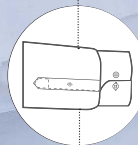

Concealed placket

NEOBLU BART MEN 03792

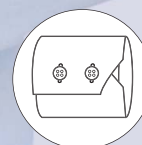

CUFFS

Bound slit

The bound slit is located at the wrist level. It is a pointed slit that gives a smart finish to the shirt.

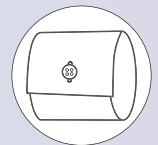

SOL'S BUSINESS WOMEN 00554

Adjustable cuff

More comfortable

SOL'S BALTIMORE 16040
SOL'S BEL-AIR 16090

SOL'S BUSINESS MEN 00551

Our fabrics

Herringbone

Herringbone fabric adds a refined touch to shirts, for a dash of originality. This fabric is soft and silky, making it easy to iron.

Cotton micro twill

Soft and comfortable fabric for easy-to-wear garments.

Piqué cotton

Cotton piqué creates a stylish yet casual look.

Denim

Renowned for its durability, denim lends itself to corporate wear as well as casual styling. A timeless, must-have fabric in your wardrobe.

Mercerised cotton jersey

Mercerised cotton showcases the strength and silky appearance of cotton, with a very soft feel.

Oxford

Strong fabric with visible grain. The Oxford construction combines value and tradition.

Washed poplin

It offers a superior comfort and a pleasant touch.

Polycotton poplin

Made out of polyester and cotton fibres, it combines the strength of polyester with the comfort of cotton, offering a very easy care.

Stretch poplin

Lightweight and comfortable to wear. The stretch material allows great freedom of movement.

Twill

Weave characterised by diagonal lines. Soft and silky, it gives a smart finish and a very good resistance to garments. Moreover, twill fabric is easier to iron.

Cuts

How to choose the right cut for your shirt

Straight cut

It allows to feel more comfortable in one's shirt. Shirts featuring this comfortable cut have straight flanks that stay parallel and do not follow the natural chest shape.

SOL'S BRODY – p 165

And also...

SOL'S BURMA MEN – p 168
SOL'S BALTIMORE – p 158

Adjusted cut

A modern and the most universal cut, suited to the majority of men. This cut is slightly tighter around the chest so as to emphasise the silhouette without being too close-fitting. Ideal for the Corporate range.

SOL'S BALTIMORE FIT - p 158

SOL'S BRISTOL FIT - p 159

SOL'S BOSTON FIT - p 160

SOL'S BRISBANE FIT - p 161

Cuts

How to choose the right cut for your shirt

Slim fit

This shirt follows the chest shape. It is the cut to choose for standard silhouettes. This shirt is worn leaving the first collar button unfastened, in order to highlight the athletic chest.

SOL'S BLAKE MEN – p 164

Fitted cut

Essential cut of the women's closet, it highlights the waist of women. Wider at the chest and hips, it remains comfortable and chic.

SOL'S EDEN – p 162

SOL'S EXCESS – p 163

MATERIAL GUIDE

THE FIBRES

COMBED COTTON

With its long fibres, it is so called because the yarn is combed to remove impurities and shorter fibres, making the material smoother and stronger. Perfect for digital printing.

ELASTANE

A very stretchy yarn that is mixed with cotton to provide greater elasticity and comfort.

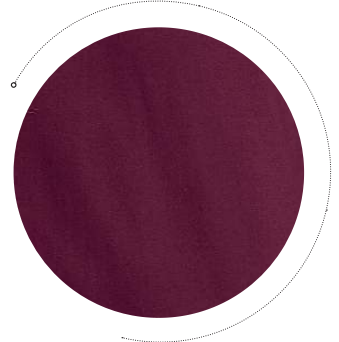

VISCOSE

Viscose is a fibre obtained from plant cellulose. Visually very similar to silk, this material is much stronger. It is often found in sweaters or suits.

RINGSPUN

Our T-shirts are knitted with superior quality Ringspun yarns, offering garments a soft handfeel that makes them pleasant to wear and perfect to print. It is the European quality answer to American looser and less sophisticated weaves that use open-end cotton.

KNITS

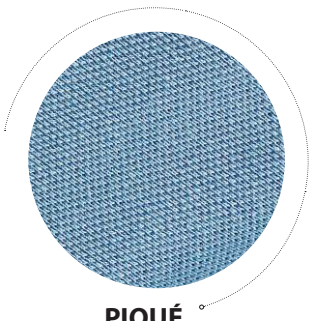

JERSEY

This basic knitting makes the material soft, strong and supple with a smooth surface ideal for all customisation techniques.

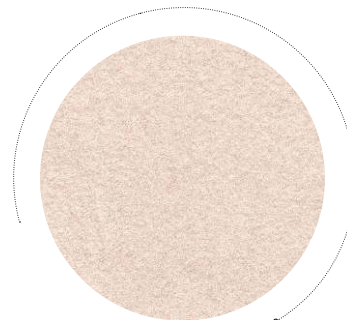

MILANO

Milano fabric is a soft interlock jersey with excellent shape retention. The face has the appearance of jersey, whilst the reverse is ribbed. It is ideal for dresses and skirts.

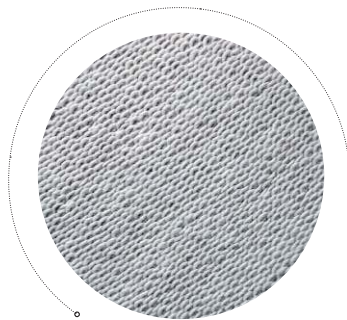

PIQUÉ

Very comfortable fabric with a honeycomb pattern, mainly used for polo shirts. Thanks to its combed cotton, our piqué has a particularly smooth surface perfect for all customisation techniques.

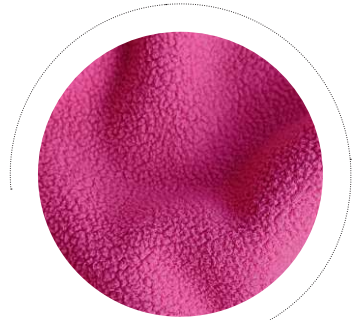

POLAR FLEECE

Polyester knit, thoroughly brushed on both sides, which resembles fleece. All our polar fleeces have an anti-pilling treatment, which prevents the formation of pills caused by friction.

FRENCH TERRY

French Terry has one flat side and the other with large loops. When the loops are in contact with the skin, they provide a better absorption of humidity and a greater comfort.

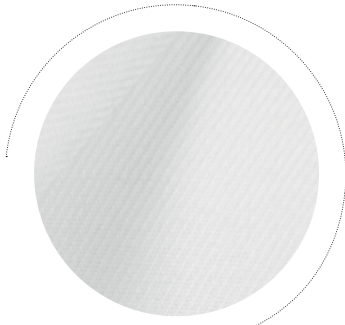

FLEECE

Heavy knit with polyester and cotton. Its inside surface is brushed to make it warm and soft.

TEXTILE ALLOWANCE

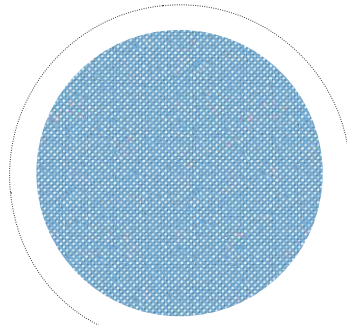

For promotional wear, European standards are + or - 5% for weight and size.

WEAVES

POPLIN

Poplin is a weave with a fine, tight rib. This supple fabric is very comfortable. It is mostly used for making shirts.

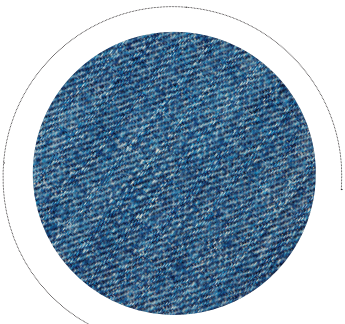

OXFORD

Soft, very strong fabric used for shirts. Coloured yarns are used for the warp while white yarns make the weft, emphasizing the plaiting effect.

TWILL

Cotton or cotton blend serge fabric with thin, diagonal ribs.

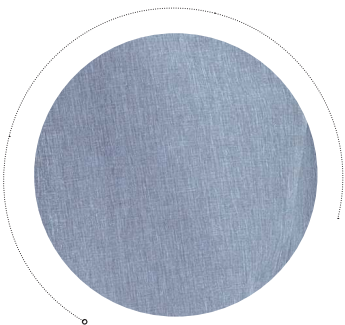

DENIM

High-quality, tightly woven fabric. Denim usually comprises a blue warp and a cream or white weft. Its twill weave forming diagonal lines makes it visually recognisable.

CANVAS

Also known as cretonne, this is a hardwearing fabric with a tight weave. Usually made from cotton yarns with a square structure, it is perfect for making bags.

SOFTSHELL

Material consisting of three layers: the outer layer is neoprene-based with added elastane, the inside layer is a micro fleece, with a technical layer in-between. The material is insulated for warmth, water-resistant, breathable and wind-proof.
